

# Nia Angelina Samir

P. O. Box 4656, North Hollywood, CA 91617

Cell: (818) 512-2502

Email: [isas100@yahoo.com](mailto:isas100@yahoo.com)

Website: <http://www.consultgroup.com>

## □ Objective

§ Looking for a challenging position to leverage my software project development, research, creative and technical skills and marketing savvy. I communicate equally well with technical, creative types and management.

## □ Professional Profile

§ Nia Angelina has experience combining technical, creative, and analytic skills in the design and development of web sites and Internet applications. She has spent the last years as a programmer analyst in a Microsoft environment using technologies such as XML, XSL, SQL, T-SQL, ASP, ASP.NET, VB, VB.NET and VisualStudio.NET.

Nia Angelina is Macromedia Certified Professional and she excels in Flash (web animation) and front end programming with HTML, XHTML, DHTML, CSS, Java Script, and Action Script.

Nia performed in various client environments to achieve outstanding quality and a diverse creative and technical portfolio of over 160 web sites the last 8 years. Specialties include application design and development, project architecture, relational database design, creative direction, project management, website usability testing, website promotion and generating web traffic.
